

Mahaalingam M

Tenkasi, Tamil Nadu, India

+91 8973697667 | mahaalingam781@gmail.com | [linkedin.com/in/mahaalingam/](https://www.linkedin.com/in/mahaalingam/)

Objective

To start my career in a reputable organization where I can apply my knowledge and technical skills, learn new technologies, and contribute to the company's growth. I aim to develop my professional abilities, gain valuable experience, and build a strong foundation for a successful career.

Education

VSB College of Engineering Technical Campus, Coimbatore

B.E. Computer Science and Engineering, CGPA: 8.18 (Upto 7th Semester) 2022–2026

Vivekananda Silver Jubilee Matric Hr Sec School, Tenkasi

HSC, Percentage: 85.6% 2021–2022

Vivekananda Silver Jubilee Matric Hr Sec School, Tenkasi

SSLC, Percentage: 98.4% 2019–2020

Projects

AI-Driven Adaptive Road Accident Prediction And Emergency Response System

- Developed a full-stack web application that leverages machine learning to predict road accident severity and automate emergency response workflows. Built the frontend using HTML, CSS, Bootstrap, and JavaScript, and implemented the backend with Python and Flask.
- Trained a Random Forest classifier on multi-variable inputs to predict accident severity. Engineered an automated emergency dispatch pipeline that activates on high-severity predictions, capturing GPS coordinates and converting them into Google Maps navigation links for first responders. Designed role-specific dashboards for police and ambulance services to streamline incident coordination and reduce response time.

SIEM Threat Monitoring

- Designed and implemented a real-time threat monitoring system using Wazuh. Logs collected and analyzed from servers, endpoints and network devices, configured rule-based alerts, and monitored suspicious activities. Gained hands-on experience in threat detection.

Mini Project Web Application

- Designed and developed a fully responsive local web app for Food business using HTML, CSS, and JavaScript, that ensure a seamless experience across mobile and desktop devices. Also integrated a QR Code Generator for the UPI Payment.

Workshops

Prompt Info Tech, Coimbatore | Security Operation Center Analyst

- Gained hands-on experience monitoring, analyzing, configuring security events using SIEM tools, with exposure to threat detection techniques and incident response workflows.
- Strengthened practical and fundamental understanding of cybersecurity operations, threat detection and real-world SOC environments.

Certificates

- Cyber Security for Beginner – GUVI
- Introduction to CyberSecurity – Cisco
- UI/UX Front-End Development - Great Learning Academy

Technical Skills

- **Languages & Web Technologies:** Java, Python, HTML5, CSS3, JavaScript, JSON
- **DB Query Language:** SQL
- **Cybersecurity Tools:** Wireshark, Wazuh, Burp Suite ,Kali Linux
- **Developer Tools & Platforms:** Git, Github, VS code, IntelliJ, Windows, Linux
- **AI & Productivity Tools:** Gen AI, AI Agents, Prompt Engineering
- **Soft Skills:** Problem Solving · Continuous Learning · Self Motivated · Team collaboration
